A RESOLUTION TO FUND A NEW SANITATION SYSTEM SUMMER PILOT PROGRAM FOR THE CCRB

WHEREAS, the University of Michigan has three recreational gymnasiums on campus; the CCRB, NCRB, and the IMSB; AND

WHEREAS, the University plans to renovate each building within the next five years in this order: IMSB, NCRB, and finally the CCRB; AND

WHEREAS, on average, 3,500 students enter into the CCRB per day, 2,000 students go into the IMSB per day, and 1,200 students go into the NCRB per day; AND

WHEREAS, since one treadmill’s installation in 2011 into the CCRB, 45,294 miles have been ran on it, equaling about 35 miles per day; AND

WHEREAS, our current model of cleaning exercise equipment in the CCRB consists of roughly two towels and two spray bottles per 15-25 machines; AND

WHEREAS, gymnasiums open to all students may be an easy place to spread germs which makes sanitation of exercise equipment an integral part of ensuring student’s health on this campus; AND

WHEREAS, no other Big Ten University has the system we are currently using after having considered more sanitary, user-friendly, cost-efficient options to use; AND

WHEREAS, the University of Michigan currently spends $44,000 per year on towels and laundering those towels as well as $1,200 a year on spray bottles and cleaning solution; AND

WHEREAS, since the CCRB is getting brand new equipment in the next month, now is an opportune time to start a new sanitation system to be able to compare germs being spread from new system and in NCRB with old system; THEREFORE BE IT

RESOLVED, the Central Student Government supports a pilot program to be administered in the Central Campus Recreational Building (CCRB) from May 1st until August 15th of the Cleaning Station system; AND BE IT FURTHER

RESOLVED, that the Central Student Government allocate $5891.40 to a pilot program use of the Cleaning Station with dry recyclable 2-ply towels, 3M
disinfectant solution, and Purell Hand Sanitizer; **AND BE IT FURTHER**

**RESOLVED,** a survey written by the authors and the Recreation facilities manager be administered to users of this product as well as employees at the CCRB at the end of the summer to determine satisfaction or dissatisfaction of this system; **AND BE IT FINALLY**

**RESOLVED,** that a representative be appointed following the passing of this resolution to work with the authors of this resolution to continue the project through the summer and ensure further implementation through the Recreation facilities department this fall.
